Cypress Man Injured in L.B. Accident

Early morning fog was the cause of an accident in which Donald Canfield, 8752 Walker street, suffered broken ribs, and a cut on the head, all of which resulted in pneumonia.

The mishap occurred just outside the shipyards on Terminal Island February 9.

Canfield is confined in the Seaside hospital in Long Beach. His release is expected sometime this week.

There were four occupants in the car in which Canfield was riding. Charles Williams, Long Beach, was driving. One passenger was cut on the head, and the other two escaped without injuries. All the men are employees on the island.

Apparently lost in the fog, the other car was in the intersection before Williams was able to swerve and avoid the accident.

Canfield is the Hearing Examiner for the United States Immigration and Naturalization service.

Daily Papers Blast Pacific Electric's Success With PUC

Causing a furor in the city, Los Angeles newspapers opened up on the Pacific Electric in its apparent success at withdrawing its passenger service on several lines.

Little is known to date on how the decision effects Cypress and the Santa Ana line.

Encouraging, however, is a quote from the Los Angeles Daily News Thursday, February 15: "The commission denied the application to abandon without substitution the Los Angeles city portion of the Santa Ana line." Even though the "city portion" would probably not include Cypress, future negotiations could be extended to this area.

In case the PE is successful in abandoning service through Cypress, E. E. Goodman, 8742 Cypress avenue, is ready with plans to provide bus service from Santa Ana through Garden Grove, Stanton and Cypress as a connecting link with bus service into the city.

This and That— Here and There

NUMBERS ADVANCE

The latest number to be reported by Mrs. Ruth Pugh, local postmaster, for National Life insurance dividends to veterans was No. 326. This was Wednesday noon.

WHERE'S THE FIRE?

A fire occurred Sunday afternoon at two o'clock as a resident in the south part of town attempted to heat a kettle of tar on a kerosene stove. Taking advantage of the nice day, he planned to mend the roof.

When Barney Barnhart, custodian at the fire house, answered the telephone Sunday morning which set off the alarm which calls 15 men to the station, a woman's voice asked for information on the P.E. schedule.

PAPER DRIVE—RAG DRIVE

The Boy Scouts will appreciate your old papers. Watch for their truck tomorrow, Saturday, February 18. The P.T.A. is announcing a rag drive, to begin soon.

(Continued on page 8)

PETTY ANNOYANCES PLAGUE MERCHANTS IN CYPRESS AREA

A siege of attempts to gain entrance to several businesses in Cypress has caused some concern among businessmen in this area.

A person, or persons, did break and enter the Royal Dutch bakery at 5506 Lincoln avenue sometime last weekend. A. C. Van Blom, manager, said that he did not return to his bake shop after leaving Saturday evening about seven until early Monday morning. Nothing was taken, apparently.

Next door, at the Essex variety store, the telephone wires had been torn loose from the building, although the disruption of service was not noted until Monday morning. It is felt that this was probably done some time Friday evening. The same thing was noted with the telephone wires from the disconnected phone which was formerly used by Billie's dress shop.

The window to the rear of the building which houses Gregg's super market at 5941 Lincoln avenue was tampered with Monday evening, although the prowlers did not get in.

In all instances, the sheriff's office has been notified, and it is understood that excellent fingerprints were procured in one or two cases.

FREE BABY PHOTOS FOR MOTHER'S DAY AT WESTERN AUTO

As an added service to mothers in this area, Del Moeckly, manager of the local Western Auto Supply store, has arranged to give away free a photograph of their child for Mother's day.

There is no catch, no cost, no obligation. A special photographer will be in the store this Saturday, February 18, between the hours of ten in the morning and seven p.m. On Monday, February 20, he will be there again from nine a.m. until 2:30 in the afternoon.

No appointment is necessary. Mothers may bring their child (age six months to eight years) and get a free photo as a Mother's day gift.

Special photographer Leo Morrell is a brother of Mrs. Donald West, Walker street, Cypress, and is especially trained in photographing children. The local store is fortunate in procuring his services, Moeckly said.

HUSBAND TO GUAM; FAMILY TO FOLLOW

M/Sgt. Norman Morris, 5661 Lincoln avenue, left Friday by boat for the island of Guam, where he will be stationed with the United States air force.

Hoping to follow in a short while are Mrs. Morris and five-month old Norma Jean, the couple's daughter.

In the meantime, Mrs. Morris and the baby are staying in Cypress at their trailer home.

Mrs. Morris is the daughter of Mr. and Mrs. James C. Preston, who live in the house at the same address.

FRED HUTCHINGS IN CAR CRASH

A woman was hurt slightly at 6:45 p.m. Monday when an auto in which she was riding crashed at Manchester Blvd. and Grand Ave. Given emergency treatment was Mrs. Anna B. Keller, 50, of East San Diego, who was riding in an auto driven by her husband, Frank J. Keller, 53. The other car involved was operated by Frederick Hutchings, 62, of Cypress. Neither driver was hurt.

Okay Lighting Request

VOTERS REGISTER WITH MRS. WILLIAMS

Voters in this area may register with Mrs. Frank E. Williams, official registrar, at 9060 Walker street.

New residents, or any whose addresses have been changed, are required to register prior to the primary election in June.

Mrs. Williams will have the registrar's book until April 13. Call Anaheim 60458 for further information.

Mrs. Williams states that the book will be returned to her again in time for voters to register before the general election next fall. Registrations must be in 54 days prior to an election.

Full House Goal of Cypress Youth Tonight

Boys and girls who have been working on the numbers to be presented tonight, February 17, in the school auditorium, are ready with a bang-up performance. Under the auspices of the "weight-lifter's" society, several special numbers are also planned.

As an added attraction, Mrs. Mary Baker of Long Beach, who has sung in the Hollywood bowl, will offer a group of favorites.

The act of Orvie Wertzbaugher promises to be unusual and breath-taking in the extreme. Only one other person, a Chinese boy who has since died, has ever been known to accomplish the act he will undertake.

The kids have done their part in preparing this program, and they are hoping to have the full support of their friends and parents in Cypress in this undertaking.

Sing First Tenor? Join Revue Cast For P-T.A. Show

About to "hit the boards" with one of the smoothest organizations singing in the style and manner of the barber shop quartettes, the Cypress group is stymied for the want of a good first tenor. In charge of planning the P.T.A.'s "Gay 90's revue" to be staged March 2 and 3, co-director Evie Junker says they'll settle for Eddie Cantor, or a local resident with a voice of like timbre and range!

Cast of the "mellerdrammer" and the chorus practice faithfully and feature numbers are being whipped into shape.

Coming from Anaheim in response to a request for volunteers, Miss Mary Cartwright will appear on the program. Formerly of musical comedy in England, she says the currently popular "cocoanut song" is actually as old as numbers in this country in the height of fashion in the '90's.

Tickets for the two-night performance may be obtained from P-T.A. members.

WELCOME SIGHT

A new phone booth has been set in place on a spot prepared for it next to Henry's drugstore. This is a public pay phone, and will augment the service downtown. The only other pay phone has been next to Walley's barber shop.

C of C Reports Show Important Developments

At a meeting of the Cypress chamber of commerce in the schoolhouse Monday evening, members voted to request an overhead signal at the corner of Lincoln and Walker to help eliminate a hazardous traffic problem. Several of the members present attested personally to narrow escapes while crossing in the crosswalks, due to poor lighting and the fact that drivers on the state highway do not stop for the boulevard stop sign.

It was the desire of the membership that Secretary D. L. von Trotha write a letter to the Orange county traffic department requesting the signal.

President James Broadbelt reported on information he had received from Les Renaker, of Buena Park, regarding a plan in operation there to give aid to needy individuals in case of an emergency or disaster. This committee, made up of representatives from each organization in Buena Park, also plans for giving at Christmas time, eliminating duplication of effort from several groups. Funds are received from each group, which pays in a determined sum monthly.

Present Plan

President Broadbelt named members to contact each of the 11 organizations and churches in Cypress to determine whether or not they would consider such a plan.

A letter was read by the secretary in answer to one the chamber had requested asking the county sheriff's office for information on ambulance service. It did not disclose any new information on the subject, listing telephone numbers to call which were already known.

A report was heard from the temporary committee charged with helping the Spratte family disperse funds raised in its behalf following the destruction by fire of their home and belongings. Largest expenditure to date has been for a well on the property at 8391 Moody street.

Extended Telephone Service

The secretary will write a letter to the Associated Chambers of Commerce of Orange county favoring the recommendation for extended telephone service. This upon vote of the membership favoring the proposal.

Future improvements reported by the highway and roads committee include resurfacing Walker street from the PE tracks to Crescent from curb to curb; a white line down the center of Crescent street; and the continuance of Walker street south to Cerritos. A small parcel of land is to be condemned for this purpose. Future improvements which are pending are adequate fire hydrants in Cypress manor and stop signs at Crescent and Miller and Orange and Miller.

CLOSE SCHOOLS, P.O.

WASHINGTON'S B'THDY

Wednesday, February 22, is Washington's birthday and a legal holiday.

In Cypress, the elementary school and post office will remain closed for the day.

A report was given before the chamber of commerce Monday evening by A. E. Arnold on street lights which it contemplated adding this year. He spoke for a committee composed of Edison representative Shields, Haskell Kelley and himself.

In order to be included in the county budget this year, the report from the lighting district is due at this time.

Arnold explained that at the time the lighting district was formed, installations were kept at a minimum. It is now planned to fill in some of the gaps, and also add more light wattage where needed the most. A new regulation calls for 1000 watt lamps only on a state highway.

Because of increased population in this area, the assessed valuation should remain at approximately the same level so that the lighting district tax should not be more this year, Arnold said.

Twelve 250-watt lights are proposed on the following streets: Gay, Acacia, Summer place, La Salle, Sprague, Miller road north of Lincoln, Grindlay between Bishop and Orange, Moody between Lincoln and Orange, and east of Walker on Nelson, Camp, Newman and Karen streets.

It is planned to raise to 1000 watt lights on Lincoln near Mrs. George Miller's; Electric street near Cypress lumber yard; Watson street, Grindlay street by the school, and the corner of Moody and Lincoln avenue. New lights will be requested between Grindlay and Moody at the schoolhouse near the bus entrance and on Lincoln avenue just east of the railroad tracks. This will be a white vapor lamp.

Car's Number Up— Owner J. Kerlin More Fortunate

When James W. Kerlin, 2239 Cypress avenue, Santa Ana, left the Texas tank farm for home Tuesday evening following his day's work, he did not dream it would be the last ride he would take in his dependable '28 Chevrolet pick-up.

Traveling the same route on Ball road which he had followed for the past four years, Kerlin somehow or other failed to hear any warning blast of the PE's red car, southward bound.

Fortunately for him, he saw the train in time to cut sharply to the right, but not soon enough to avoid being hit by the train. His journey ended as he tangled with a telephone pole along the right-of-way.

Miraculously, Kerlin escaped with only a gash on the left leg and a small cut on the chin. Examination by a Cypress physician did not reveal any serious injury.

Motorman Paul S. Smith occasioned a smile from the crowd which gathered quickly when he suggested that Kerlin take along the ignition key to the car, which was demolished. Kerlin countered by hunting in the wreckage for his dinner pail. While badly dented, it, at least, will serve its purpose for another day.

I RISE TO REMARK

by John Phillips

If you can stretch your imagination, try to think of Thomas Jefferson, as Secretary of Foreign Affairs, issuing a statement of friendship for Benedict Arnold, after the latter's conviction for treason. You are offended that I suggest such a thing, yet that would have been the same situation as the one in which Dean Acheson, the present Secretary of State, has asserted his unchanged friendship for, and confidence in, Alger Hiss.

Benedict Arnold was a personal friend of George Washington. Yet when the conviction followed, it was Washington who said that there was no greater crime than treason. Wasn't it Lincoln who said that he would stand by a man when he was right, and part from him when he was wrong? I rise to remark that the tragic thing about the assertion of confidence by Dean Acheson, and the reported support of the latter by the President, is not so much that the Secretary of State made a public statement of friendship for Hiss, as that he still holds his cabinet position weeks later. President Truman, by his delay in demanding Mr. Acheson's resignation, must assume responsibility with his Secretary of State for this tacit defense of treason against the United States.

Bad Ground

We have sunk low in 160 years. "Fellowship with treason," said Edmund Burke in 1793, "is a bad ground of confidence."

It is desirable that those of us who live in the west should ask more about this situation. Where do we stand in this international chess game, which the amateurish Mr. Acheson is playing with the leaders of a nation where, literally, chess is the national game, and in which, figuratively, we who live west of the Rockies, seem to be expendable pawns. The conclusions have been too startling for people generally to accept. It remained for a well-known writer on foreign affairs, perhaps guided by Congressional suggestions, to come finally to the conclusions at which I hinted in a broadcast a few weeks ago. "The United States," said Edgar Ansel Mower. "has abandoned the Truman doctrine, so far as Asia is concerned. As a result, not only Formosa, but Japan, the Philippines, and the entire Pacific area, as far back as Hawaii and Alaska are considered by the American armed forces as expendable."

COUNTY COMMENT

By GEORGE E. HART,

Orange County Press Bureau

Harmonized affairs of the joint county sanitation districts justifiably rated the headlines in newspapers this past week. Hardly anything could compare in importance with rescue of the vital sewerage program at a time when it appeared to be as good as dead, after being kicked around for almost a year.

Small wonder that when the reconciliation of opposed factions took place, at the last meeting of the joint district boards, Chairman Virgil Reed extended a fervently congratulatory handclasp to Willard Smith, the county supervisor from Orange, who had just broken the deadlock and brought the two groups together.

Reed and Smith had been on opposite sides of the year-long stalemate, and observers hope that the handclasp will stand as a symbol of the new unity.

The sanitation districts are together for the time being at least. Unity can be reasonably expected while Administrative Officer Nelson M. Launer of La Habra directs negotiation of joint agreements that must precede the sale of the \$8,308,000 bond issues. Then will come important decisions of procedure, dealing with organization and construction. Whether the hands will remain clasped then is in the lap of the future.

Sign on a construction fence around a big new bank building, partially completed, in Santa Ana, intrigues passersby. The sign reads: "Watch our progress."

What intrigues is the fact that watchers have watched for fully a month, without seeing a tap of work done in the structure.

It may be a somewhat dehydrated subject, but Orange county rivers are so dry that they can't hold water, even in rainy spells.

During the season's heaviest storm, a good-sized stream was running down the Santa Ana river from the Fifth street bridge at Santa Ana. But, according to Flood Engineer Jack Bradley, it disappeared before his eyes before it reached Talbert bridge. The plowed river bed simply pulled it underground.

But not far enough underground to do any good; not far enough to reach the underground reservoir, according to Bradley. The stream simply ran along just below the surface and wasted into the ocean, he said.

Bradley remarked what probably only those familiar with local water habits know — any

OUR DEMOCRACY—by Mat

GEORGE WASHINGTON

"FIRST IN THE HEARTS OF HIS COUNTRYMEN," HIS INFLUENCE EXTENDED TO THE REST OF THE WORLD.

"He did the two greatest things which, in politics, man can have the privilege of attempting. He maintained, by peace, that independence of his country which he had acquired by war. He founded a free government in the name of the principles of order, and by re-establishing their sway."

M. GUIZOT—FRENCH HISTORIAN

storm water that flows downstream from Santa Ana's Fifth street bridge is generally considered to be lost. It can't be recovered.

Resurfacing of Coast highway between Newport Beach and Laguna Beach, a distance of 5½ miles, at a cost of \$345,505, was assured this week as the state highway department awarded a contract to the Hensler Construction corporation of Glendale.

Charles Edward Utt, 83, developer of Lemon Heights, scenic section where he made his home,

died Sunday in St. Joseph's hospital, Orange, thus closing a career that has been prominently identified with much of Orange county's agricultural and water development.

Mr. Utt, native of Auburn, had lived in the Tustin area 77 years. His agricultural career began before he was grown, when he became known as the "peanut king." Later he was one of three prominent ranchmen associated in developments, notably the San Joaquin Fruit company at Irvine. The other two, James Irvine and Sherman Stevens, preceded Mr. Utt in death within the last 18 months.

Hawaiian Sweet Potatoes Delicious, Easy

For a delicious dinner that's quick and easy to prepare, a platter of hot pre-cooked ham slices with Hawaiian sweet potatoes is an appetizing treat. The ham slices may be served cold, or heated with the sweet potatoes and you can use two pounds of fresh sweet potatoes, or the canned dry-pack sweet potatoes, prepared according to the recipe below.

The seasoning that really makes the flavors sing in this recipe is pure monosodium glutamate which is sold in grocery stores under the name Ac'cent. Made from beets or wheat, Ac'cent does not add any flavor, color or aroma of its own but instead, intensifies and perks up the good natural flavors of meats, poultry, seafood, vegetables, gravies, sauces and leftovers. Easy to use, it's packed

in red-and-silver canisters, or a red topped glass Ac'cent shaker.

Hawaiian Sweet Potatoes

3 cups sweet potatoes, mashed
2 tbsps. butter or margarine
½ tsp. Ac'cent
1 tsp. salt
Pineapple juice
Pineapple rings
Brown sugar

Heat mashed sweet potatoes, add butter, Ac'cent and salt. Mix well. Add enough pineapple juice to moisten slightly. Arrange pineapple slices in shallow baking pan. Shape sweet potatoes into six balls and place on pineapple rings. Sprinkle tops with brown sugar and dot with butter. Bake in moderate oven (375° F.) until hot and lightly browned, 25 to 30 minutes. Makes 6 servings.

VISITING NURSE
ASSOCIATION HAS
INSTALLATION

Installation of new officers marked the annual meeting of the Visiting Nurse Association of Orange county. The three new officials are Emory Morris of Santa Ana, vice president; Mrs. John Montanus of Tustin, secretary; and Mrs. Allison Honer of Santa Ana, treasurer.

Mrs. Logan Wheatley, president of the association, extended her welcome to the group.

George Kellogg of Yorba Linda, retiring vice president of the association, served as master of ceremonies. His talk was directed toward the topic of "Stewardship," in reviewing the growth of the Visiting Nurse association since its incorporation two and one-half years ago. In comparison Mr. Kellogg pointed out that in 1947 only 3,084 nursing calls were made as compared with 10,240 in 1949.

SHADES OF THE WILD
WEST!—LIVE BUFFALO

Newest innovation at Knott's Berry farm, now on display and just unloaded yesterday, are six live buffaloes. Two of them are destined to be butchered immediately for steaks but the other four will be kept on public view in a special corral near the new Mark Smith Horse Show arena west of Ghost Town.

According to Dwight "Andy" Anderson of the Berry Farm Steak house, the buffalo steaks and also buffalo stew will be placed on the menu one month out of every year as a special treat for their customers.

The buffaloes were purchased from Lois Gobels, wild animal dealer of Thousand Oaks, Calif.

TRAVELOGUE

The sun oozed great shafts of light through the pine clad mountains on that morning we awoke in Willow Creek on the bank of the Trinity river. The small woodstove that furnished the heating and cooking elements for our cabin proved to be quite difficult. Before its eccentricities were learned the small cabin was full of smoke but finally the smoke gave way to flame and the place was soon warm. While Susan wrestled with her hair and put things in order I took my fishing equipment and tried every likely spot in the Trinity for a mile; but no fish.

After an hour I gave up and started back to camp and met Susan. We played along watching the trails where the deer had played about during the night. We ate a small breakfast and loaded up our gear and found that we had a flat tire. There were two service stations in Willow Creek but one had closed so that the crew could go deer hunting and the other was manned by one helper, the boss having gone deer hunting. We did not get away from Willow Creek until about eleven o'clock. We rolled down the banks of the Trinity until it joined the Klamath. We soon learned why we had not caught any fish. The lower Trinity is an Indian reservation and the Indians are allowed to seine, so few fish ever get by the Indians.

We crossed the Klamath at Weitchpec and took to the west bank. For a time we would be high up along the mountain side and then down to the river's edge. The scenery was awe inspiring. Here and there would be little nooks large enough to hold a mountain cabin and a few apple trees. Every apple tree was laden with great harvests of golden or red apples. Many fishermen were on the banks of the river where the banks were accessible to fishermen. We recrossed the Klamath at Orleans and just a mile beyond the settlement we came to the Orleans Public camp. The camp is nestled in a little niche of the mountain with great trees giving it perpetual shade. That was the spot Susan and I had been searching for. Under a great tree we pitched our tent and prepared for a few days of fishing and hiking.

It was a half-mile hike to the river and then there was a mile of river shore that afforded many beauty spots in which to cast your line. In the days which followed we caught more fish than we could eat but had to work for our catches. We took many rides up and down the river. The Salmon river joined the Klamath six miles above our camp. There was a large pool a quarter of a mile long where the two rivers joined. In this pool the big fish loved to rest and always there was a host of fishermen there.

Just above the pool there was a bridge across the Klamath that connected east and west river-side traffic. This bridge was the only spot along the way that gave me driving fever. The bridge must have been a hundred feet above the turbulent Klamath and just wide enough for a car and it rattled and creaked. I never breathed while crossing it. Just why this bridge was such a thrill I do not know. The highway on either side of the river had many spots where the roadway was just wide enough for a car and a few inches to the riverside would have resulted in a hundred or two hundred foot plunge in the river below.

We were very happy at Orleans but the clouds began to gather and we had other places we wished to visit so we loaded our gear and bid farewell to our newly acquired friends and started on our way up the Klamath. The miles of scenery that only that part of the country affords will never be forgotten. We

FAMOUS CELLIST—Featured on the program of the Los Angeles Philharmonic Orchestra Sunday night, February 19 in Fullerton Union High School auditorium will be Joseph Schuster, world famous cellist. Alfred Wallenstein will conduct. For his appearance in Fullerton he will perform the Concerto for Cello and Orchestra by Tartini. This entire concert will be broadcast. Tickets are available at the Chambers of Commerce offices in Santa Ana, Anaheim and Fullerton, and a limited number will be sold at the box office the night of the concert.

followed the Klamath to Hamburg and then turned up the Scott river to Ft. Jones where we met Becky and Leland and stayed at their home for the next several days.

Cypress

Mrs. Jones New Prexy—Cypress Woman's Club

Meeting in the spacious Job J. Denni home at 9512 south Juanita street Tuesday, members and their guests of the Cypress Woman's Community club enjoyed a pot luck luncheon. Assisting Mrs. Denni in hostess duties were Mrs. Leo Smith and Mrs. Milam Williams. The valentine motif was used in all of the decorations.

The hospital visiting committee this month is composed of Mrs. Len White, Mrs. Milam Williams and Mrs. Barbara Young.

Elected to the office of president, to succeed Mrs. Joseph Fernandez who was forced to resign because of poor health, was the vice president, Mrs. Murton Jones. Mrs. Thelma Essex was chosen new vice president. Mrs. E. E. Goodman was elected chaplain.

A card was circulated among the members which was in the form of a valentine greeting, to be sent to Mrs. Fernandez in the hospital.

By vote of the group, the president and secretary, Mrs. Barbara Young, will serve on a committee to investigate a new organization which the Cypress Chamber of Commerce is proposing, designed to give aid in cases of emergency or disaster. The club voted to act in response to the request for volunteers which the Rev. W. D. Howard issued to mend and sort clothing donated recently which could not be used by the Spratte family. This will serve as a back-log for future needs. Mrs. Charles Colvin and Mrs. E. V. Corby will act for the club.

Secret pals were revealed and new names drawn for the ensuing year. Mrs. Jones drew the lovely gift sent by former member Mrs. John Carstens, of Artesia, and Mrs. Scally won the mystery prize.

The next meeting of the club will be held at the home of the president, 8952 Walker, at her invitation. The date will be March 14.

Guests at Tuesday's affair included Mrs. Kay Jackson and Mrs. D. L. von Trotha.

JOE PURDY HAS BIRTHDAY

Eleven-year-old Joe Purdy, son of Mr. and Mrs. T. J. Purdy, had a special birthday cake which was presented to him by his godmother, and bore the inscription, "Happy birthday, Joe."

Served with ice cream, the refreshments climaxed a birthday party to which Joe invited Larry Horton, George Sedia, Delvin Nielsen, Darlene and Diana Nielsen, Patricia Thompson, and his brother, David.

Afterwards the Purdy family went to Long Beach for a bon voyage party for Mrs. Mabel Davis who will spend a two-month's vacation in England. Her friends saw her off from International airport in Los Angeles late that evening.

CYPRESS LOCALS

Mrs. Leona Murdock was an honored guest at Tujunga's P.T.A. meeting Wednesday, which paid tribute to past presidents of the organization in recognition of Founder's day.

The Clarence Fender family enjoyed a day in the snow on Baldy mountain Sunday.

Mr. and Mrs. Joe Hespel of Long Beach visited with their friends, Mr. and Mrs. S. M. Winfield, 4861 Lincoln avenue, Monday. Mr. and Mrs. Dave Lenhart, Long Beach and their niece from San Francisco were also weekend visitors.

His first birthday party on his second anniversary was enjoyed by David Jennings, son of Mr. and Mrs. Merle Jennings, 8822 Cypress avenue on Sunday, February 5.

Deborah Lorrall is the name chosen for their first-born by Mr. and Mrs. Henry A. "Bud" Ihnen. The little girl was born February 7 and weighed six pounds, three and one-half ounces. She is the granddaughter of Mr. and Mrs. H. H. Ihnen and Mr. and Mrs. William Brisco, both of Cypress.

Arriving Monday for an extended visit in the Earl Essex home were his brother and wife, Mr. and Mrs. Lyle Essex of Dillon, Montana and their sister and her husband, Mr. and Mrs. Russell Bridgeman, of Livingston, Montana. Both couples were former residents in Cypress, having moved away about four years ago.

Mr. and Mrs. M. G. Boston are parents of a boy born February 2 at Los Cerritos maternity hospital.

A daughter was born on February 5 in Fullerton General hospital to Mr. and Mrs. Thomas Kilcayne, 8815 La Salle street.

Lester Williams died Saturday morning in the Long Beach naval hospital from a stroke. He was building a home for his family in Cypress on Orange avenue. Survivors are his sister, Mrs. R. C. Cawthon, his wife and daughter. Funeral services were held Tuesday afternoon in Inglewood.

Mr. and Mrs. Willard Horton and Mr. and Mrs. Howard Hollis, Cypress manor residents, spent last weekend at Big Bear.

Don't forget—the Busy Bee's food sale tomorrow, Saturday, in front of Henry's drugstore.

Mrs. Ruby Nutter (nee Stewart) gave birth to a daughter on Monday, February 13, at Cottage hospital in Fullerton. She weighed seven pounds, 11 ounces and has been named Stephanie Dee.

Mrs. M. Coelho was hospitalized Sunday at Seaside.

Mr. and Mrs. Tom Coburn, 8851 Walker street, changed the name of little Miss Coburn born February 8 to Sandra Sue from Cynthia Sue, as reported last week.

Recent new arrivals at the Winfield trailer park include Mr. and Mrs. O. C. White, from Los Angeles and Mr. and Mrs. George Chatterton, from Long Beach. He is employed at Douglas. Guests for a few days included Mr. and Mrs. Russell B. Cook, who left Tuesday for the east; Mr. and Mrs. J. R. Lockhart, tourists from British Columbia who are returning home, and the Rev. R. G. Markey, evangelist the past two weeks at the Faith Tabernacle church.

The Williams family moved into the house at 8131 Moody St. recently. Their daughter, Jo Merle, is a student in the local elementary school. The family was formerly of South Gate.

Guests in the Roger Woodie home at 8135 Moody street last week were Mr. and Mrs. B. Woodie and four children, of Redondo, and King Woodie, Long Beach.

Mr. and Mrs. Stan Doerr and Tommy visited Stan's brother and family, the Tom Doerr's and other relatives in Ventura last weekend.

Mr. and Mrs. Earl Essex and Mr. and Mrs. A. E. Arnold motored to Palm Springs Sunday, taking the scenic drive through the mountains.

Gaines Spitzer, Mrs. Ida Presley's son, 8171 Moody street, arrived this week from Elizabethton, Tennessee, for a visit.

Rebecca Bott, daughter of Mr. and Mrs. Charles Bott, Cypress manor, broke her arm Tuesday while playing at school.

The North Dakota state picnic last Sunday in Long Beach was voted a great success by former residents from Cypress. The Henry Davis, Crescent avenue and Earl Sartwell's, 5291 Lincoln avenue, Clifford Jaberg, La Palma and Magnolia avenues, accompanied the latter couple, who were guests of him and his daughter, Miss Stella Jaberg at a chicken dinner Sunday evening.

John Farnell was released from Seaside hospital on Tuesday. He is staying with his son and daughter-in-law, Mr. and Mrs. Russell Farnell in Long Beach so that he may be close for check-ups. He was seriously burned recently in a work-shop fire.

Haskell Kelley is studying insurance these days and plans to sell in the Cypress area where he is well known and has many friends.

BIBLE QUESTIONS

answered by the
VOICE of PROPHECY
RELIGIOUS RADIO BROADCASTERS
Every Sunday
ON TWO GREAT NETWORKS

QUESTION—Did Jesus ever recommend the study of the Old Testament?

ANSWER — The answer is found in John 5:39: "Search the Scriptures; for in them ye think ye have eternal life; and they are they which testify of Me." The New Testament was not yet in existence when Christ spoke these words, so He must have been referring to the Old Testament here.

Q.—What will happen to good men like Abraham who never heard the gospel?

A.—But Abraham did hear it, according to Galatians 3:8: "And the Scripture, foreseeing that God would justify the heathen through faith, preached before the gospel unto Abraham, saying, In thee shall all nations be blessed." It was through gospel faith that Abraham rejoiced to see the day of Christ. John 8:56.

Q.—What does the word "Bible" mean?

A.—It means "book" and comes from the Greek word biblos, a name given to the outer coat of the papyrus reed which was stripped off and glued together to form writing material. Thus, by a transference of the term from the material to the use made of it, biblos came to mean "book."

Q.—How many chapters are there in the Bible?

A.—Not too many to read in a year—1,189 in the Authorized Version.

Q.—Please give me the text where the Bible says that three wise men came from the East to bring gifts to Christ.

A.—The Bible does not say that three wise men came—we are not told how many came. The record is simply: "Now when Jesus was born in Bethlehem of Judaea in the days of Herod the king, behold, there came wise men from the east to Jerusalem." Matthew 2:1. The fact that the gifts they brought are mentioned as three in number, may have led some to conclude that there were three wise men.

Q.—Will you please explain the book of Revelation.

A.—In this column we can consider only brief Bible questions which seem to be of more or less general interest, and the answers are suggestive only. Much good will come to those who study the Bible for themselves. "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." 2 Timothy 2:15.

Q.—I saw a picture of Moses carving the Ten Commandments on the tables of stone—is that authentic?

A.—There was something wrong with the picture. "And He gave unto Moses, when He had made an end of communing with him upon mount Sinai, two tables of testimony, tables of stone, written with the finger of God." Exodus 31:18.

Q.—Where is the shortest verse found in the Bible?

A.—It is John 11:35: "Jesus wept." And it is said that all the letters of the alphabet but one are found in Ezra 7:21.—Look it up for yourself.

Men Bowlers Closer to First Place; Falls Betters 600 in League Action

With a high game of 219, Salty Falls rolled a 621 series Tuesday night at the Buena Park Bowl as his Cypress Merchant No. 2 team won four points from Bee's Duck Inn of Buena Park.

The sweep put the No. 2 team in a tie for third place with the Lion's club of Buena Park, moving up from its former fourth place spot.

The Merchant No. 1 team won a 3-1 series from the Buena Park Kiwanians, a victory which moved them to only a two-game

margin from the league-leading White Elephant cafe, strengthening its hold on second place. Captain Clyde O'Neal led with a high series of 492.

Although the Triangle Drive-in came up with a 2-1 victory over the Buena Park Pharmacy, they remained in third place in the Women's Handicap league, due to second-spot Walt's Meat's win of three games. Dotty O'Neal was high with a 490 series.

LOCAL MAN MAY BE UP FOR GRAND JURY DUTY

George Bellis of Buena Park and Alfred E. Arnold of Cypress are included in a panel of 30 persons on the preliminary list for Grand Jury duty. It was revealed at Santa Ana this week. A panel of 19 persons will be selected today from these 30.

"C" Thompson, genial owner of the variety store east of town, is on the sick list. The doctor ordered him to slow down with rest and diet on the list.

Your Child

A WEEKLY COLUMN
conducted by Claud C. Ruch
Educational Director, Childcraft
Advisory Service in Chicago

The toddler is a miniature scientist, aged twelve to twenty-four months, whose experiments carry him into every corner of the house and yard. While "trying things out," he spills sugar and flour, lets the bathtub run-over, and is the unwitting cause of an unbroken series of minor catastrophes.

No hero of a Greek drama ever had as many "tragic" mishaps to contend with as the small child between one and two years old.

In Childcraft books, Dr. Harold H. Anderson, Head of the Department of Psychology at Michigan State College, points out that the toddler "does not mean to be naughty. He's not trying to be disobedient. He's just at an age when spontaneity is high. He is — ladies and gentlemen — an investigator with ideas galore, who's doing something every blessed minute of the day!"

That won't come as much of a surprise to you mothers of babies going-on-two, who are breathless and exhausted much of the time from chasing after them, through house and yard.

To the toddler, "touching sand-paper or feeling sugar on the floor is a strange experience; hearing paper tear or rattle, an amazing discovery. When he sallies forth to make the most of his five senses, he puts everything in his mouth and occasionally gets new sensations of smell as well as of taste and touch."

"In brief, the age from one to two is a period in which the child has intense curiosity but little judgment," Dr. Anderson points out.

Because the toddler stage is "a crucial training period" when the child is learning about the world around him, it is particularly important that parents understand this phase of development and the problems common to it.

Study what to expect a child to do and enjoy watching him grow.

IN OUR NEXT ISSUE

remember these rules for kite flying safety!

1. Fly your kites in an open field, away from electric power lines and other overhead obstructions.
2. NEVER use wire, tinsel or metallic string.
3. Be sure the string is perfectly dry.
4. If the kite catches in a power line, let go immediately. Don't pull! Phone the company owning the line and a lineman will come and get your kite for you.

NOTICE INVITING SEALED PROPOSALS FOR THE DRILLING OF A WATER WELL AND APPURTENANT WORK IN CONNECTION THEREWITH IN THE VICINITY OF THE INTERSECTION OF ORANGETHORPE AND STANTON AVENUES, BUENA PARK, CALIFORNIA, FOR ORANGE COUNTY WATER WORKS DISTRICT NO. 2.

Notice is hereby given that the Board of Directors of the Orange County Water Works District No. 2 will receive sealed proposals at the office of said Water Works District at 7695 East Ninth Street, Buena Park, California, until seven-thirty (7:30) o'clock P.M. on March 6, 1950, at which time they will be publicly opened and read in the office of the said Water Works District for the drilling of a water well at the proposed well site described as the Southerly 65 feet of the Northerly 460.73 feet of the Easterly 167.7 feet of the Westerly 585.15 feet of the Northwest one-quarter of the Northwest one-quarter of Fractional Section One, T4S, R11W, S.B.B.&M., Orange County, California.

For further particulars, reference is hereby made to the specifications on file in the office of the said Water Works District and entitled "Specifications for Drilling Water Well for the Orange County Water Works District No. 2", prepared by the Engineering Offices of J. R. Lester Boyle and dated February, 1950. The specifications may be seen and obtained at the office of the said Water Works District, 7695 East Ninth Street, Buena Park, California.

Bidders are hereby notified that pursuant to the Labor Code of the State of California, the said Water Works District has ascertained and determined the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which the above described work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded to the successful bidder.

The prevailing rates so determined are as follows:

CLASSIFICATION	HOURLY WAGE RATE	PER DIEM WAGE
Air Tool Operator	1.77	14.16
Carpenter, Journeyman	2.12	16.96
Cement Finisher	2.20	17.60
Cutting Torch Operator	1.62	12.96
Driller, (Core, diamond or wagon)	2.00	16.00
Driller, (all others)	1.85	14.80
Laborer, general or construction	1.57	12.56
Painter, brush	2.08	16.64
Air Compressor Operator	1.87	14.96
Drilling Machine Operator, incl. water wells	2.25	18.00
Material Loader or Conveyor Operator	1.87	14.96
Pump Operator	1.87	14.96
Skip Loader Operator, wheel type	2.00	16.00
Tractor Operator	2.12	16.96
Trenching Machine Operator	2.20	17.60
Truck Driver	1.67	13.36
Universal Equipment Operator	2.32	18.56
Any other classification omitted herein, not less than	1.57	12.56

Providing, that one and one-half (1½) times the said prevailing rate of wages shall be paid for any working time more than eight (8) hours during any one calendar day where such work is required in cases of extraordinary emergencies caused by fire, flood or danger to life or property, and double time on Sundays, and the seven (7) legal holidays, to-wit: New Years Day, Memorial Day, July 4th, Labor Day, Armistice Day, Thanksgiving Day and Christmas Day, and provided further that the pay for foremen for each eight (8) hour day shall be not less than One (\$1.00) Dollar more than journeymen rate for the craft or workmen involved.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any sub-contractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Each bid or proposal shall be made out and submitted on a form to be obtained at the office of the Secretary of the said Water Works District and shall be sealed and filed with the Secretary at or before the time in this notice provided.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty per cent (50%) of the contract price and a faithful performance bond in an amount equal to fifty per cent (50%) of the contract price, said bonds to be secured from a surety company satisfactory to the Engineer of the said Water Works District.

All terms and conditions contained in the specifications shall govern as though fully described herein and shall also become a part of the contract.

The Board of Directors of the Orange County Water Works District No. 2 reserves the right to reject any and all bids and/or waive any irregularity in a bid not affected by law.

Dated this 15th day of February, 1950.

ERNEST A. JENKINSON
Secretary of the "Orange County
Water Works District No. 2,
Buena Park, California."

SOUTHLAND TRAFFIC

DEATHS DOWN IN '49

DESPITE MORE AUTOS

An estimated 1631 traffic fatalities, including 89 in Orange county were reported in the 13 Southland counties during 1949, Public Safety officials at the Automobile Club of Southern California today revealed.

This represents the lowest such figure since 1944 and is particularly noteworthy because motor vehicle registrations in the state have been increased by more than 1,000,000 cars in the past five years, the club said.

It was pointed out that the 1949 fatality totals in Southern California indicated a slight improvement over the previous year's figures which showed 1654 deaths, 84 of which occurred in Orange county.

NEW FORMULA Checks Rheumatic ARTHRITIS PAINS

Must Help Or It Costs You Nothing

Payne's Formula Tablets contain a recent discovery that is bringing amazing relief to thousands, many of whom had suffered for years. It works internally to reach every joint and muscle in the body. Said In Cypress

That we picked up a newspaper from a neighboring town recently and a headline caught our eye—"Tribune ceases publication." The article stated that the Westminster Herald would absorb what was known as the Stanton Tribune.

It said further, "There are a lot of merchants in Stanton. Many have loyally advertised weekly. In turn we have tried to publish as much Stanton news as possible with the small advertising revenue received from this area. It takes money in four figures to publish and distribute and circulate even a four page paper."

We have not received sufficient advertising revenue to cover the cost. We discontinued the Stanton office chiefly for this reason."

That the nice thing about making a mistake is that the objects of the error get mentioned twice. In this case it is the popular twins belonging to the Andy Koloskys. They are a boy and a girl, and not twin BOYS.

(Continued from page 1)

SWING 'EM 'ROUND

Proving that their's is an "active" organization, the VFW is changing its tactics. The public is invited to a square dance at the organization's hall, 5955 Lincoln Ave., Saturday night.

This form of amusement will replace the canasta and other card game socials which the club has been sponsoring.

Those who can square dance, and those who wish to learn are welcome.

IMPROVEMENTS NOTED

Spring fever has hit several business men, and caused them to make changes in their store rooms which are decidedly for the better.

The Cypress cleaners and dyers have installed new racks in the front of the building, separating the counter from the workshop.

Elmer Corby spent several hours painting and waxing the floor of his barber shop one night recently.

BACK IN HOSPITAL

Jesse Vaughn was home from the hospital about a week, following surgery, and then was popped back in again. Mrs. Vaughn said a clotting of the blood was causing some concern.

Mr. and Mrs. Vaughn live on Bishop street. Jesse's friends are hoping for a satisfactory improvement in his condition soon.

Anaheim Scout Leaders Here Next Monday

Once a year the Girl Scout leaders in Cypress entertain the Leaders' association of Anaheim.

The group will meet in the Cypress school this Monday evening, February 20. Local leaders in scouting will be hostesses.

Final plans were made for the event when the 10 Brownie and Girl Scout leaders met Wednesday afternoon in the John Lukens home. The third Wednesday of each month is set aside for this group to discuss its problems.

By Joe Cram, 6-A

The Cypress Boy Scouts met at the VFW hall, February 10, at 7:30. There was only one new member, Jerry Gerber.

The scouts are going to start a paper drive. They are going to collect the papers Saturday, Feb. 18. There will be a truck that will be working all day. The reason for the paper drive is to buy about 25 to 35 scout suits for the boys.

The trip to Idylwilde was de-

'Chit-Chat from The Teeners'

Well, the Cypress Hi-teeners finally had a dance. Seen doing a beautiful Conga Saturday night was Buddy Hubkey and Duane Duncan.

We hear Johnny Wright's flame is really P. H. and not M. S.

It's heard Vance Newkirk has a good singing voice, if so why isn't it heard more often.

Who are the boys that sit on the side lines and never dance? It seems they ruin the good times for everyone else.

Who is the cutest new couple on the campus? Could it be Alberta Slabaugh and Billy Schaeffer?

Having a hilarious time at Betty Ann Murphy's Sunday night were Lewie Stevens, Ralph Mason, Warner Gedney, Duane Duncan, Johnny Wright, Russell Noe, Tommy Cook, Buddy Hubkey, Shirlee Boudreau, Kay Keliker, Lolly Slabaugh, Peggy Flynn, Marian Simmons, Yvonne Hart, Bev. Cook, and Rosemary Johnson.

YEAR NOTED AT HOME PARTY

Dale Young, son of Mr. and Mrs. Kenneth Young, celebrated his third year on this "great, wide, wonderful, beautiful world" with a party attended by a large group of his fond relatives.

The party was held in the home of his maternal grandparents, Mr. and Mrs. Milam A. Williams, 8762 Western Ave. The guests looked on as Dale opened his gifts, which furnished the entertainment for the children who were present.

The small table and chairs which were among his presents, were "initiated" when the refreshments were served. The small birthday cake was decorated by a musical staff on which part of the "Happy Birthday" song was written in little red candies.

The adults enjoyed a large heart shaped cake. Whipped jello and punch were also served.

The children at the party were Dale's cousins, Janet Davis, Irene and Marjorie Williams.

The "grown ups," besides his parents and Mr. and Mrs. Wil-

laid because they could not get reservations until February 25.

The scouts had four guests, "Happy" Kreissler, John Sutphin, Frank Buzzo and Mr. Parks. The VFW gave the boys a \$25 check.

The Boy Scouts are thankful for their contribution.

RESIDENTS CAUSE FLOOD CONDITIONS, SAYS COMMISSIONER

The recent rains have caused local flooding conditions on many county highways. Some of these conditions are caused by local residents placing driveways, or driveway culverts, at incorrect grade or of too small capacity, H. Sprenger, county road commissioner said today.

"The county highway department will give advice on any contemplated construction if contacted at KI 2-6211. It is in violation of County Ordinance No. 563 to do any work on county roads without contacting the court house annex, Santa Ana," Sprenger stated.

RECORD NUMBER OF CLASSIFIED ADS

One of the largest classified advertising sections among Southern California small weekly newspapers became even bigger this week as a record five and one-half columns or 115 inches of classifieds were published in this issue.

Results for satisfied customers has been cited as the reason for the tremendous increase in classified lineage.

As many as 50 calls have been recorded in answer to one advertisement. Ads may be placed in a matter of minutes by telephoning Ana. 60355.

Mr. and Mrs. Howard Kopsho visited Sunday with Mr. and Mrs. Al Lewis, former neighbors here, in their home at Wilmar.

Mr. and Mrs. Lloyd Buckles of Detroit Lakes, Minn. and Miss Lucile Tysseling of Long Beach called at the Burt Kroesen home Wednesday.

liams, were his paternal grandmother, Mrs. Gladys Young of Anaheim, and uncles and aunts, who were Mr. and Mrs. Delmar Rogers of Bell; Mr. and Mrs. Glenn Williams of Freeway Park, and Mrs. Edgar Davies of Anaheim.

Mrs. Kermit Johnson and daughter Sharon of Cypress sent a gift but were unable to attend.

Build Theme P-T.A. Meeting On Founder's Day

Presenting the program for the school's part in the February P.T.A. meeting, children from the third and fourth grades entertained with several skits. One of these was in honor of the founding of the parent-teacher's association.

During the business meeting, presided over by Mrs. Dorothy Lukens, president, members voted to use funds added to the treasury as a result of the Gay 90's show to be held on March 2 and 3 to purchase playground equipment for the smaller children.

Mrs. Louis Wlaschin announced that a fourth grade Brownie troop was to be re-activated and invited mothers of eligible troop members to assist in this project.

The P.T.A. is planning a rag drive in the near future, and members were reminded to save articles for this event.

Mrs. Dick Bakker and Mrs. Dorothy Gage were elected to serve on a committee to nominate officers for next year.

A life membership was not granted at this meeting. A secret ballot was taken to determine the recipient of this year's award. Nominated for the honor were Mrs. George Alleman for her outstanding work with the Girl Scouts, Rollin Miles, school bus driver for 15 years, and Murel Bouse, responsible for the Cub Scout movement in Cypress and the kindergarten.

Conferences Successful

Miss Elizabeth Dickerson spoke for herself and the school's personnel in commending the parents on their cooperation in the recent parent teacher conferences which are being substituted for report cards this year.

Guest speaker for the evening, Mrs. Joyce Jacobowsky, was introduced by Mrs. Leslie Brannan, program chairman. She gave a very comprehensive discourse on the United Nations set-up and how it worked. Having attended sessions of the general assembly, Mrs. Jacobowsky was well qualified to speak. Most significant fact was her statement that the United Nations is credited with having averted war four times during its existence.

Refreshments of Founder's day birthday cake and coffee were served in the utility room after the meetings by second grade mothers.

Mr. and Mrs. E. M. Hazlett and friends from Anaheim enjoyed a trip to Palm Springs Sunday. The Hazletts are driving a late model Studebaker convertible now and plan many drives for the future.

Housewarming for Gene Kelley's In New Home

Friends planned and executed a surprise housewarming party Saturday night for Mr. and Mrs. Gene Kelley who moved into their new home at 5531 Karen street Thursday evening.

Bringing along well-filled baskets for a buffet supper served later in the evening, guests spent the evening admiring their hosts surroundings.

Additional packages contained gifts of a blanket, a pair of sheets and a pair of pillow slips for the honored couple.

Present were Mr. and Mrs. Vic Sherron, Mr. and Mrs. W. J. McCoid, Mr. and Mrs. Earl Essex, Mr. and Mrs. A. E. Arnold, Mr. and Mrs. E. V. Corby, Mr. and Mrs. Carl J. Sanders, Jr., Mr. and Mrs. Harold Pugh, Mr. and Mrs. Elden Denny, Mr. and Mrs. Ed Robinson, Mr. and Mrs. George Konig and Mr. and Mrs. James Broadbelt.

Don't forget—free chicks at Central feed store—today, Friday.

Earl Colvin and his teen-age son, Ronnie, of Torrance, visited Monday evening in the parental C. H. Colvin home, 9121 Walker street.
